

RANGE CATTLE ARE LOWER FOR WEEK

COUNTRY DEMAND IS STRONGER THAN PREVIOUSLY.

Good Prices Were Paid For the Best Cattle, Middle Grades Dropping Down a Dollar Or More—Feeding and Breeding Ease Continue In Strong Demand At River Market.

Correspondence The Sun.

KANSAS CITY, Oct. 18.—Range beef cattle closed last week ten to twenty cents lower for the week, stockers and feeders about steady, fat cows ten to fifteen cents higher. Country demand is exceptionally heavy; forty-three thousand stockers and feeders bought here and shipped out last week, 57 per cent of the total cattle supply. Receipts today are thirty-one thousand head, containing a fairly liberal number of range cattle. Total supply at the leading markets is smaller today than last Monday, and the market on beef cattle is ten to fifteen cents higher in some cases. Country demand is stronger, if anything, than last week, as prospective buyers begin to appreciate the fact that heavy rains will soon be over for this year. Choice Panhandle yearlings sold up to \$8.25 today. New Mexico yearlings \$7.75 to \$8.00, and Colorado yearlings and weanlings at \$7.75 and \$7.50. These prices were paid for the best cattle, middle grades dropping down a dollar or more per hundred below these figures. Fat cows sold at \$12.50 to \$16.50, some肥牛 \$16.75, Colorado beef steers sold at \$16.75 to \$17.40. Receipts today contain 1,000 head from points beyond Colorado, but good Idaho and Oregon beef steers are quoted up to \$17.65.

Sheep and lamb supply was 12,600 head, market steady. No good fat lambs were included, medium Colorado weanlings at \$15.00, and some heavy Arizona lambs, \$8. pounds average, at \$8.15. Fat ewes are worth \$5.10 to \$6.10, best fat wethers, \$6.50, yearlings around \$7.00. Feeding lambs are selling steady, the demand having switched from heavy feeding lambs to lighter weights. Some fifty-one pound Mexican lambs sold at \$8.35 today, heavier feeding lambs \$8.00 to \$8.25. Feeding and breeding ewes continue in strong demand. Wyoming breeding was today at \$6.00 to \$8.50, and feeding ewes at \$6.00 to \$8.50. Moderate receipts are expected here, and stronger prices, buyers particularly appreciating good to choice fat lambs.

MARKET MOST ACTIVE FOR MEDIUM GRADES

BOSTON, Mass., Oct. 20.—Transfers of territory wool have been mainly medium grades, though a moderate movement is noted in choice lots of fine and fine medium. Among the reported transactions for the week are 25,000 pounds fine medium Wyoming at 19 cents; 160,000 pounds fine at 34 cents; 160,000 pounds Soda Springs clothing at 24 cents, costing about 65 to 67 cents clean; 150,000 pounds Soda Springs quarter-blood at 21½ cents; also 300,000 pounds of various grades, at private terms; 150,000 pounds New Mexico fine at 25 to 28 cents, or 45 to 67 cents clean; 200,000 pounds Colorado fine medium at 26 to 27 cents, or 62 to 63 cents clean; 20,000 pounds Soda Springs quarter-blood at 22 cents; 75,000 pounds Montana three-eighths blood at 22 cents; 100,000 pounds Wyoming three-eighths blood at 25 to 30 cents; 100,000 pounds Wyoming low half-blood at 27½ cents, and a good sized lot of Wyoming quarter-blood at 22 cents.

Scoured wools have been moving, especially the low sorts that can be had for 55 cents or less. These have been in demand from the mills having foreign overcoating contracts to run out. Choice scoured territory wools are quoted at 65 to 68 cents clean for white fine and 62 to 63 cents for fine medium. Pulled wools are quiet, with most of the August pullings of lambs.

ALABAMA MINSTRELS.

The high moral plane on which the Alabama Minstrels is conducted should guarantee the company a liberal patronage by the people of Price and vicinity. The Alabama minstrels is one of the best organizations of its kind in existence and enjoys the favorable endorsement of its audiences wherever it shows. Price, under canvas, Tuesday, October 24th.

Carbon papers and typewriter supplies. The Sun.—Advt.

It super still unsold. September pullings are accumulating. Possibly this is the weakest section of the market. Standard II supers are quotable at 45 to 62 cents for good white brushed wool with ordinary lots at 45 to 68 cents for Eastern and 55 to 67 cents for Chicago. Lambs' II supers are quotable at 45 to 48 cents in the grease or 55 to 60 cents clean. A supers are offered on the basis of 65 to 62 cents clean for Chicago, with Eastern pullings at 55 to 65 cents for A supers and 67 to 70 cents for extras and fine A supers.

Scoured values of territory wools are slightly firmer on the basis quoted a week ago, at 72 to 73 cents for fine staple and half-blood staples at 65 to 70 cents; three-eighths blood staple at 65 to 68 cents; quarter-blood staple at 65 to 67 cents. Fine and fine medium clothing at 65 to 67 cents.

Texas wools continue to attract favorable attention, as they are very good this year. One house has sold nearly a million pounds of these wools during the past three weeks mainly on the scoured basis of 65 cents for twelve-months' and 62 to 65 cents for eight-months'. About 200,000 pounds have changed hands during the week at these figures.

Business in Ocees continues of small dimensions. Transfers are noted of 100,000 pounds of Ohio un-washed dehaire at 28½ cents. Small lots of Ohio medium combing and dehaire wools have been sold at private terms. Current quotations for Ohio fleeces in this market are 34 to 35 cents for fine washed dehaire; 32 to 33 cents for XX and above; 26 to 31 cents for X wool; 25 to 28 cents for fine unwashed dehaire; 24 to 26 cents for fine unwashed clothing; 24 to 25 cents for half-blood combing; 26 to 27 cents for three-eighths blood combing; 26 to 28 cents for quarter-blood combing; 26 to 28 cents for half-blood clothing and 32 to 35 cents for three-eighths blood clothing.

NATIONAL WOOLGROWERS MEETING NEXT JANUARY

The call for the next annual meeting of the National Woolgrowers association was issued in the October number of the National Woolgrowers, the monthly publication of the association, as follows:

By reason of the authority vested in me as president of the National Woolgrowers' association, I hereby issue a call for that association to meet in its fifty-third annual convention at Salt Lake City, January 13th, 14th and 15, 1913.

At this convention there will be a full discussion of the following subjects: Sheep breeding and woolgrowing; sheep feeding; preparation and marketing of wool; the remaining public lands; grazing in national forests; destruction of carnivorous wild animals; railroad rates and service; live stock finance; needed legislation both national and state; as well as other subjects of interest to sheepmen.

On behalf of the American sheep industry, I desire to extend a most cordial invitation to all those interested in any phase of the sheep industry to meet with us at our fifty-third annual convention.

PRESIDENT REFUSES TO ACT IN HILLSTROM CASE

WASHINGTON, D. C., Oct. 20.—President Wilson today advised W. A. F. Ekengren, Swedish minister here, that he could do nothing further for Joseph Hillstrom, a Swedish citizen, under sentence of death in Utah for murder.

Hillstrom says that the town of Green River is booming. The mining industry still continues to hold the center of interest, but farmers in that section are happy because they are getting high prices for their fruit.

At the request of Minister Ekengren, the president several weeks ago asked Governor Spry of Utah to postpone Hillstrom's execution until new evidence could be presented. A stay was granted, but no material evidence having been presented, the state now is preparing to carry out the court's sentence.

At the request of Minister Ekengren, the president several weeks ago asked Governor Spry of Utah to postpone Hillstrom's execution until new evidence could be presented. A stay was granted, but no material evidence having been presented, the state now is preparing to carry out the court's sentence.

AT THE BALL GAME.

Why does he make those motions with his arm before he pitches the ball?

Those are signals to the catcher. The men work in concert. Dear me! Is that the concert pitch I've heard about so often?

WOULD PLANT GATEFISH

Biley Will Urge Game Commissioner to Stock the Green River.

Peter H. Biley, city marshal of Green River, accompanied by his wife and daughter, is visiting relatives in the city, says Sunday's Herald-Republican, and while here will endeavor to have Fred W. Chambers, state fish and game commissioner, stock the Green river with channel catfish and plant quail this fall.

Biley was formerly a game warden and called upon Commissioner Chambers to talk over game conditions in his section of the state. Owing to the muddy condition of the river, due to the vast amount of silt, mountain trout do not thrive in the Green river, although trout and suckers seem to thrive. Just at present there are no channel catfish on hand and an effort is to be made to get some try from the East.

Biley says that the town of Green River is booming. The mining industry still continues to hold the center of interest, but farmers in that section are happy because they are getting high prices for their fruit.

WHERE YOU DO BETTER

Opportunities For the Careful Real Estate Investor....

We believe there are people in Eastern Utah who are willing to make a 50 to 100 per cent profit by buying property at present prices—people who know what the great coal camps surrounding Price are eventually going to do towards the upbuilding of this man's town—people who have been here and have seen the town depressed at intervals, and who can see the profits to be made in buying real estate—farms and city property—in many instances at half what it is actually worth.

We have a very large list of business and residence properties at Price, Helper, Scofield, Wellington and elsewhere, besides any number of farms that are improved and producing, unimproved lands and grazing propositions. All, or most of these, may be had on terms or at BEDROCK FOR CASH. We will be pleased to show any of them in person or will give details by letter. Our BARGAIN LIST IS LARGE.

We write plate glass, steam boiler, fidelity, live stock, automobile, accident and health and fire insurance. Only the best companies. INDEPENDENT OF THE FIRE INSURANCE TRUST, making and maintaining our own rates. "We'll Go Your Bonds." Write, telephone or telegraph for rates. We do business anywhere in Utah.
